

SCoPAFF meeting; 23-24 January:

Request for regulatory advocacy support in the network

Issue	Priority level	Key document	Objective	Target audience (& priorities)	Who
Endocrine disruption	2	ECPA letter; 15 Dec – 27156	Industry don't support split proposal; promote option 4 (inc. hazard characterisation) as best way forward; support proposed amendment to derogation.	SCoPAFF - PPPs	EAN
				Food-chain (<i>Farmers</i>)	EAN (& company)
Bee guidance document	2	ECPA letter from July 2016 – 26359	There should be no legislative decisions based on what is currently proposed. Need to review EFSA GD; current version not fit for purpose.	SCoPAFF – PPPs	EAN
Co-formulants	3	ECPA letter (May) – 26056 ; and detailed input 26144	Promote REACH based system. Complex proposal would require re-formulation of many PPPs. Long transition periods necessary. Impact assessment needed!	SCoPAFF – PPPs	EAN

Priority level	
1	Highest priority; urgent contact required ahead of SCoPAFF
2	High priority; contact required with identified stakeholders ahead of SCoPAFF
3	Important issue; contact required where feasible ahead of SCoPAFF
4	Included for information – no action needed

Note: Prioritisation relates to the importance of this issue during at this SCoPAFF meeting
